

EPIC ESCAPES

Thank you for reviewing our Escape Room In A Box (3 in 1)! We really hope you enjoy trying to escape and here is some more information that might be helpful for your review...

What is it?

Epic Escapes is an escape room in a box that you can set up in your own home. The Escape Room In A Box (3 in 1) includes three different escape rooms. All our rooms have separate puzzles and are fully interactive and engaging.

*Note: This is **NOT** a board game!*

Who is it suitable for?

Most people! Because of the variety of puzzles within each room, there's generally always something for everyone to do.

Our escape rooms are aimed at people aged 16 and above, but younger children can definitely participate with the help of a parent or carer.

All games are suitable for 2-6 players (plus a host). It's obviously harder with fewer players!

Why do I need it?

Epic Escapes is perfect for a special occasion, games night or rainy day. It's a great alternative to a murder mystery or a board game.

How much does it cost?

The Epic Escapes Escape Room In A Box (3 in 1) costs £99 (including free UK delivery and returns). The expansion packs (coming soon) will be available for £29.

We offer a fantastic 100 day money back satisfaction guarantee on all orders.

How do I play?

To play, you will need a “host” - this is the person who sets the game up (hiding the clues and puzzles). The host cannot participate in solving the puzzles or finding the clues, but can participate in the room by being the “hint master”. It’s a lot of fun being in charge of the clues! Alternatively, the host does not need to be present while the game is being played.

Each escape room game includes simple setup instructions and self-help hints.

Which game should I start with?

The Escape Room In A Box (3 in 1) includes three games: Crime (Easy), Piracy (Intermediate) and Hijack (Hard). If you’ve never played an escape room before, start with Crime. Otherwise, start with Piracy.

Can the game be used multiple times?

Yes, your Escape Room In A Box (3 in 1) includes three different escape games - each a different level of difficulty. Each escape room can be played multiple times by different groups of players, but not by the same people.

We offer free replacements of the consumable parts (the printed components).

When will expansion packs be available?

Expansion packs will be available in 2021. These will use the same major components (the boxes, padlocks etc) of the Escape Room In A Box (3 in 1), but will have completely separate additional components with brand new puzzles and stories. Each expansion pack will contain one additional escape room.
